

Best Practices in Vinayak PG College, Chomu

The Vinayak PG College was established in 2004-05 with the goal to give good education to youth in Chomu. The college management with well qualified faculties achieves the goal with proper discipline in the students. The faculties find out the qualities in the students and carve in them. The students are in well dressed with punctuality are the quality of vinayakians. The faculties complete the syllabus of their subjects on time. They also take time to time test to analyze the student learning. The seminars of respective subject are also organized and presented by students which improve their skills. The remedial classes are also organized for the students. These practices shows result in their examination where the college students performed excellent. Lastly, the principal has very good interaction with parents. She gave her time from busy schedule to hear problems of the students as well as parents that makes healthy and positive environment of the college. She makes college as family and students, faculty are members of the family.
